

FREEZE ME

Nika Zupanc,

Freeze Me is the new sideboard designed by Nika Zupanc. A unique and fascinating design element, a perfect combination of elegance and functionality. A piece of furniture with pop lines that captures attention and imagination because of its strong aesthetic and recognizability, poetic character, and attention to detail. The solid and refined structure is enriched by the drop-shaped handle and the particular feet. With ample storage space and a functional internal layout, the Freeze Me sideboard not only enhances the environment but also proves to be a valuable ally in organizing and tidying up the home. A furnishing complement that seamlessly combines aesthetics and functionality.

The Freeze me cabinet is a storage unit with three doors and two separate compartments, an internal shelf that can be moved up or down by 60 mm. Structure made of matt lacquered MDF externally and internally. Adjustable feet and handle made from rigid polyurethane and painted with a glossy finish. Indoor use only.
